

11-CR-69

To Honorable J P Stadtmueller

Your Honor:

11 00069 001

I writing asking would you please allow me while in prison to have the alcohol treatment program. I've a long long parole period and do not want ever to be locked in again, for any reason. Before sentencing I'd asked Mr EJ Hart but I don't think it was mentioned. I'd written Mr JP Fetherston asking if somehow to recover important papers and took a household items I've told my Daughter Dove Clancy took.

Having gone thru this I'll forever remember, by not going thru trial you never heard much of or any defence that may have changed sentencing than my 5yr I deserved

Sincerely Roland Hatt

Could anyone do something about the terrible Medical in Kenosha. Many people go without, now my roommate has a quickly spreading skin

infectious skin disease first aid cream

Is there a Doctor ever here?
